AFFIDAVIT – VISIBLE HOUSE NUMBERS

THIS IS TO CERTIFY THAT HOUSE NUMBERS HAVE BEEN INSTALLED IN ACCORDANCE WITH CHAPTER 87, OF THE TWP CODE and IRC-2009, § 319.1: Where access is by means of a private road and the building address cannot be viewed from the public way, a monument, pole or other sign or means shall be used to identify the structure.

*§ 87.5 Display of Numbers: Numbers assigned to buildings in the Township according to the provisions hereof shall be affixed to, painted upon or carved upon such building or upon a permanent standard, base or support between such building and the street upon which it fronts. Address numbers should be in Arabic numbers and not in alphabetical letters. Each number shall be at least **four inches in height, shall be located a minimum of three feet above the ground, and in such manner, and shall be of such color and material as to be visible both day and night from the street and shall be constantly maintained in complete and legible form.** The property owner shall from time to time reaffix or renew all numbers that shall not continue to conform to the requirements of this section; provided, however, that in the case of a building occupied by other than the owner thereof, the occupant, in addition to the owner, shall be responsible for maintaining the number upon such building as hereby required.*
